Patron

Prof. A.S. Vidyarthi
Director, IET Lucknow

Coordinator

Dr. Shailendra Sinha,
Prof & Head, MED
IET, Lucknow

Co-coordinator

Prof. Rajeev Kumar,
Associate Prof, MED
IET, Lucknow

Advisory Committee

Dr. Dhananjay Srivastava, IIT Kharagpur
Dr. Atul Dhar, IIT Mandi
Dr. D.K.Singh, GEC, Azamgarh
Dr H K Paliwal, MED IET
Er A Mital, MED, IET
Dr. Kuldeep Sahay, EED, IET
Dr. Subodh Wariya, ECE, IET
Dr. N B Singh, CE, IET
Dr. Manish Gaur, CSE, IET
Dr. V K Singh, ECE, IET
Dr. Sanjay Srivastava, ASD, IET
Dr. A K Katiyar, ASD, IET
Er. Ram Pravesh Ram, CHE, IET
Dr. B N Mishra, BT, IET
Dr. Amarika Singh, ASD, IET
Dr. B R Singh, SMS, Lko
Dr. N P Yadav, BIET, Jhansi

Organizing Committee

Dr H K Paliwal
Er A Mital
Dr. Dhananjay Singh
Dr. Y N Singh
Dr. Girish Chandra
Dr. Tanvir Tahir
Er. Vineet Dubey
Er. Shivam Sen

TEQIP -II Sponsored

National Workshop

on
Computer Aided Engineering
In
Vehicle Development

Feb 22-23, 2017

Coordinators

Dr. Shailendra Sinha
Dr. Rajeev Kumar

Organized by

Department of Mechanical Engineering
Institute of Engineering & Technology,
Lucknow

About IET Lucknow

The Institute is among one of the leading institutes in UP and was established in year 1984 as an autonomous Institute under Govt. of Uttar Pradesh with the objective of producing quality engineers in every discipline..However, with effect from June 2012 the Institute became an autonomous Constituent Institute of Dr. APJ Abdul Kalam Technical University, Lucknow. The Institute is committed to quality and excellence in academic pursuits, offering UG programmes in eight branches of Technology, PG programmes in six engineering streams, MCA, MBA, and Ph.D. programme in all branches of Engineering and Management.

Department of Mechanical Engineering

The Department of Mechanical Engineering offers courses leading to a Bachelor of Technology in Mechanical Engineering and Master of Technology programme in Mechanical Engineering. The Department enrolls candidates for the Doctor of Philosophy programs; full time, under TEQIP-II and part time candidates of Dr. APJ Abdul Kalam Technical University, Lucknow in various research areas.

About the workshop:

Automotive companies continuously face the challenges to increase their efficiency and improve the quality of their product. To meet these challenges, manufactures endeavor to seek new technologies and methods to shorten the product development time by integrating the computer aided engineering (CAE) in their product development cycle. With the advent of CAE system consistency, predictability and performance of conventional design process has greatly improved. In a nutshell, CAE tools are the assets to the current automotive industries and vehicle design fraternity.

To bridge the gap between the industry demand and student knowledge, the two day workshop is organized to expose the mechanical engineering students of B.Tech, M.Tech and Ph.D to the applications of computer aided engineering in development of vehicles. It aims to introduce the concept of vehicle development in automotive industry using various CAE tools. The workshop will help the senior students in enhancing their technical skills and will have an edge over the other students. In addition, the knowledge acquired by the student in the workshop will help him in understanding the requirements of automotive industry and will also prepare the student in getting more job opportunities.
